Intra-Day Commission Slab

Introduction to Intraday Trading

Intraday trading allows clients to **buy and sell contracts within the same trading day**, offering opportunities to benefit from short-term market movements without holding positions overnight.

At Floret Capitals, intraday contracts are designed for active traders with:

- Lower margin requirements
- Auto square-off at day end (Market Closing Time)
- Short-term exposure with reduced risk

This slab outlines the commission structure specifically for intraday contracts, covering key instruments like Crude Oil, Gold, silver and currency pairs.
